

LEARN

Learn how to use our new **HD Canon** cameras, state-of-the-art audio devices, **Adobe Premiere** and **Final Cut X** editing software, and **Livestream** switcher.

Community Access Television offers a wide array of introductory video production training. You are encouraged to bring your ideas, talents & creativity to SRC-TV's media center in Hollis.

Our powerful video production tools are available for citizens in our six-town service area as no-cost equipment loans.

CREATE

Produce your program for broadcast on our Public Access Channel 2 or 121-1. Your completed program or Public Service Announcement can also be viewed and shared online at:

src-tv.org
and

vimeo.com/srctv

Challenge yourself. Call our station to learn how you can produce your own video. SRC-TV allows you to contribute to your community while gaining valuable on-location and in-studio production experience.

Saco River Community TV allows you to create unique local programming using high-quality HD cameras. Call us today at 207-727-5702 to schedule free, basic video production instruction.

Our studio is here for you.

Share your talents.

Tell your story.

Promote your band!

Host your own local program!

Do you have old home movies on VHS, 8mm or Super 8mm without a way of watching them?

We can help! Bring them into the station and we will digitize them for you and provide you with low-cost DVDs.
