

July 5, 2016 Special Selectmen's Meeting CANCELLED

Based on some new legal information received this morning regarding petitions and signature gathering processes that must be followed, the Tuesday July 5th Board of Selectmen's meeting is being cancelled. Staff, Selectmen and legal counsel need more time to gather complete information, so this issue will be moved to the July 12th meeting as part of the discussion with former charter committee members that night. The July 12th meeting begins at the usual 6pm time in Town Hall.

I apologize for any confusion. Please call me with any questions and keep those email comments coming to me on your thoughts on how our government could and should function. I appreciate hearing them....Gary
