Come and meet Rochester, N.H. Author, Russ Staples and listen as he recounts his historic Everest Odyssey.

This New Hampshire native was one of the earliest trekkers to the base of Mount Everest, the world’s tallest mountain. While a Peace Corps volunteer in southern India in 1967 the 22 year old set out with a borrowed backpack, $200 in his pocket and an abundance of youthful enthusiasm that would serve him well on his often-harrowing, 27-day, 400-mile journey by foot.

Staples’ memoir is based on the journal he kept during his trek and includes incredible, never-before-published photos of an Everest and a Nepal that exist now only in the pages of history books.

This book is available to borrow at the Library!
