

TOWN of WATERBORO: Permit Application Requirements, not all may be applicable to you.

- 1: No building permit shall be issued except to the property owner or his/her authorized agent. Such authorization shall be in writing.
- 2: A copy of the recorded deed showing proof of ownership. Purchase and Sales agreement is acceptable.
- 3: Driveway entrance permit issued by the Director of Public Works, required before a building permit can be issued. Maine DOT entrance permit may also be required.
- 4: Residential plans shall be drawn to scale and include, but not limited to, building elevations, floor layout, door and window locations along with sizes, foundation plan. The plans shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the building codes. Residential plans shall be to ¼" scale on minimum 11" x 17" paper, two copies are required.
- 5: Commercial plans shall be drawn to scale and include, but not limited to, building elevations, floor layout, door and window locations along with sizes, foundation plan, mechanical, HVAC, sprinkler system and alarm system. The plans shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the building codes. Commercial plans shall be to ¼" scale two copies. Commercial plans may require *Maine Fire Marshal approval* and a State of Maine electrical permit.
- 6: Site plans shall include location and size of all existing structures, location and size of all proposed structures, distance, in feet, from all property lines, erosion control plan if located in Shore Land, distance from high watermark of any water body. **New residential foundations shall require certification by a licensed Maine surveyor, that the foundation meets required district setbacks. The certification is required prior to backfilling of foundation. Correct information and ensuring ALL set-backs are met is the property owners responsibility.**
- 7: Electrical installation may require inspection or certification, per *M.R.S. Title 32, Chapter 17/1105*.
- 8: Flood Plain Elevation Certificate, if applicable.
- 9: **E911 number affixed to a surface that is clearly visible from the road.** Waterboro E911 Addressing Officer will assign such a number based on State of Maine guidelines.
- 10: Satisfactory potable water test required before a *Certificate of Occupancy* can be issued.
- 11: Shore Land Development Permit required if the proposed development is within 100 ft. of the high water mark of any water body.
- 12: Shore Land development that includes movement/excavation of dirt requires the party performing the work to be Certified in *Erosion & Sedimentation Control Practice*. Certification number and name required.

FINAL INSPECTION REQUIRED PRIOR TO ISSUANCE OF CERTIFICATE OF OCCUPANCY OR USE.

OCCUPANCY PROHIBITED PRIOR TO FINAL INSPECTION.
